3 Overview

All factions appearing in Urban Assault have fully asymmetrical designs, as well as possessing unique characteristics and aesthetics.

Four out of six factions are the major factions that are playable and fully designed for balanced multiplayer games:

- The Resistance
- Ghorkov
- Taerkasten
- Mykonian

Three out of four major factions have the official single-player campaigns:

- The Resistance
- Ghorkov (Metropolis Dawn expansion)
- Taerkasten (Metropolis Dawn expansion)

Two factions are only available as the single-player exclusive enemy AI factions in the campaigns:

- Sulgogar
- The Black Sect

[Drones](#) are the special [tutorial](#) faction that is only available in the Training Missions of the Resistance campaign.
